Our Mission:

Cranham Scout Centre is more than just a place—it's a haven for learning, adventure, and conservation. Nestled in the heart of the Cotswolds, our centre provides a unique setting for young people to explore, discover, and connect with the environment. Our vision is to inspire a love for nature, foster environmental stewardship, and empower and enrich the potential of the next generation.

Why Volunteer with Us?

Life at the centre is always active with a wide range of site maintenance and development skills needed to offer young people safe and exciting programmes. The time and energy that volunteers bring are crucial to the experiences we provide. We are especially excited to involve volunteers in the journey of environmental education and investment that we have embarked on.

1. **Environmental Impact:** Engage in hands-on conservation activities such as tree planting, habitat enrichment, and biodiversity projects. Your efforts will contribute to the preservation of local ecosystems and the protection of endangered species.

2. **Community Engagement:** Through the gift of your time and dedication, you will directly support the educational programs and activities offered to thousands of young people

of all ages, backgrounds, and abilities; from local youth groups, community and school events to international exchange programmes.at Cranham Scout Centre.

Volunteering together fosters camaraderie, enhances communication skills, and promotes a sense of unity towards a common goal.
